NASHVILLE, TENNESSEE 37243

This notice is to advise you of information regarding the *TennCare Pharmacy Program*.

**Please forward or copy the information in this notice to all providers
who may be affected by these processing changes.**

This notice is being sent to notify you of changes for the TennCare pharmacy program. We encourage you to read this notice thoroughly and contact Magellan's Pharmacy Support Center (866-434-5520) should you have additional questions.

PREFERRED DRUG LIST (PDL) FOR TENNCARE EFFECTIVE 4-1-17

TennCare is continuing the process of reviewing all covered drug classes. Changes to the PDL may occur as new classes are reviewed and previously reviewed classes are revisited. As a result of these changes, some medications your patients are now taking may be considered non-preferred agents in the future. Please inform your patients who are on these medications that switching to preferred products will decrease delays in receiving their medications. A copy of the new PDL will be posted April 1, 2017 to <https://tenncare.magellanhealth.com>. We encourage you to share this information with other TennCare providers. The individual changes to the PDL are listed below. For more details on clinical criteria, please visit: <https://tenncare.magellanhealth.com>

Below is a summary of the PDL changes that will be effective April 1, 2017.

CARDIOVASCULAR AGENTS

Anti-Anginal Agents: Nitrates

- The following agent will be added to the PDL as non-preferred: GONITRO powder^{PA}
- All other agents in this class will retain their current PDL listing.

Platelet Inhibitors

- The following agent will be added to the PDL as non-preferred: YOSPRALA^{PA, QL}
- All other agents in this class will retain their current PDL listing.

ENDOCRINE AND METABOLIC AGENTS

Agents for Gout

- The following agents will remain as preferred on the PDL: allopurinol, colchicine tablets^{PA}, probenecid, and probenecid/colchicine.
- The following agent will be added to the PDL as non-preferred: ZURAMPIC^{PA, QL}. Additionally, the following agents will remain as non-preferred: colchicine capsules, COLCRYS, MITIGARE, ULORIC, and ZYLOPRIM.

Diabetes: SGLT2 Inhibitors and Combinations

- The following agent will be added to the PDL as non-preferred: INVOKAMET XR^{PA, QL}.
- All other agents in this class will retain their current PDL listing.

Changes to Prior Authorization Criteria (PA, QL) for the PDL effective April 1, 2017

- | | | |
|-------------------------------------|----------------------------------|------------------------------|
| • colchicine capsules ^{PA} | • GONITRO powder ^{PA} | • OCALIVA ^{PA} |
| • colchicine tablets ^{PA} | • INVOKAMET XR ^{PA, QL} | • YOSPRALA ^{PA, QL} |
| • COLCRYS ^{PA} | • MYRBETRIQ ^{QL} | • ZURAMPIC ^{PA, QL} |

Notice Regarding "Inner Pack" NDC Billing Changes:

Effective March 1, 2017, select inner pack NDCs will be blocked at point of sale with a message of "inner pack NDC submitted use outer pack NDC for billing". When receiving this message, please resubmit the claim with the corresponding outer pack NDC.

Notice Regarding Tennessee Medicaid Provider ID:

All agents requiring prior authorization must be prescribed by a provider with a Tennessee Medicaid Provider ID. Providers may register at: <http://tennessee.gov/tenncare/topic/provider-registration>. All prior authorization fax forms were updated to reflect this new requirement effective 7/1/16. In order to prevent a delay in processing time, please download new PA fax forms at: <https://tenncare.magellanhealth.com>.

All of the aforementioned changes, whether preferred or non-preferred, may have additional criteria that control their usage. Any agent noted above with a superscripted "PA" requires Prior Authorization. Please refer to the document "Drug Criteria Listing" located at: <https://tenncare.magellanhealth.com> for additional information.

GUIDE FOR TENNCARE PHARMACIES: OVERRIDE CODES

OVERRIDE TYPE	OVERRIDE NCPDP FIELD	CODE
Emergency 3-Day Supply of Non-PDL Product	Prior Authorization Type Code (D.0 461-EU)	8
Hospice Patient (Exempt from Co-pay)	Patient Residence (D.0 384-4X)	11
Pregnant Patient (Exempt from Co-pay)	Pregnancy Indicator (D.0 335-2C)	2
Titration Dose Override for the following select drugs/drug classes: oral oncology agents, anticonvulsants, warfarin, low molecular weight heparins, theophylline, Selective Serotonin Reuptake Inhibitors (SSRIs), Selective Norepinephrine Reuptake Inhibitors (SNRIs), atypical antipsychotics (except clozapine/Clozaril®), Hizentra®, Vivaglobin® - process second Rx for the same drug within 21 days of initial Rx with an override code to avoid the second Rx counting as another prescription against the limit.	Submission Clarification Code (D.0 42Ø-DK)	2
Titration Dose Override for the following select drugs/drug classes: clozapine/Clozaril®, Suboxone®, Zubsolv® and buprenorphine- will allow up to five prescription fills to process for the same drug within the same calendar month of the initial prescription without the subsequent fills counting against the enrollee's monthly RX limit.	Submission Clarification Code (D.0 42Ø-DK)	6
