b) The medication is only approved to treat limited patient populations, indications, or conditions;

c) The medication is typically injected, infused, or requires close monitoring by a physician or clinically trained individual;

d) The medication has limited availability, special dispensing, and delivery requirements, and/or requires additional patient support – any or all of which make such drugs difficult to obtain through traditional pharmacies.

1.24 “Specialty Pharmacy” Specialty pharmacies are licensed by the Tennessee Board of Pharmacy. Specialty pharmacies dispense only specialty drugs that are not dispensed by ambulatory pharmacies and distribute these drugs primarily through the mail. It is to be reported to the Bureau of TennCare within twenty-four (24) hours of the occurrence. In the event of the date of determination occurring on a weekend (Saturday or Sunday) or a State/Federal holiday, the determination is to be reported to the Bureau of TennCare on the next business day. The report is made by contacting the TennCare Pharmacy Unit at 1-888-816-1680.

2. PROVISION OF PHARMACEUTICAL SERVICES

2.1 Provision of Pharmaceutical Services and Quality of Services. Pharmacy shall provide Pharmaceutical Services to all TennCare enrollees in accordance with all State and Federal Law and in a manner
so as to assure the quality of those services. PBM shall monitor the quality of services delivered under the Agreement and initiate corrective action where necessary to improve quality of care. The Specialty Pharmacy shall provide Pharmaceutical Services without regard to race, religion, sex, color, national origin, age, or physical or mental health status. The Specialty Pharmacy may not refuse to provide medically necessary or covered preventive services to a TennCare enrollee based upon non-medical reasons unless pharmacy has already communicated intention of Voluntary Dismissal to TennCare.

2.2 **Compliance with the TennCare PDL and TennCare Pharmacy Manual.** In providing any pharmaceutical service to a TennCare enrollee, the Specialty Pharmacy shall comply with the TennCare PDL. The Specialty Pharmacy shall assist PBM in gaining PDL compliance from prescribers. The Specialty Pharmacy agrees further that it shall at all times comply with TennCare Pharmacy Manual in providing Pharmaceutical Services to TennCare enrollees. The Specialty Pharmacy shall assist TennCare enrollees to comply with the following: TennCare PDL, step-therapy, and prior authorization requirements, resolving point-of-sale (POS) edits and other activities to allow the enrollees to optimize the benefit.

2.3 **Collection of Co-Payments.** The Specialty Pharmacy shall collect any Co-payments for Pharmaceutical Services provided by the Pharmacy to TennCare enrollees, as determined by POS claim system. However, as required by federal law, the Specialty Pharmacy may not refuse to provide Specialty Pharmacy services to a TennCare enrollee solely because the enrollee is unable to pay a pharmacy co-payment. Refusal of services due to lack of co-payment shall be grounds for termination of the Agreement. If the enrollee has another primary insurance and the Specialty Pharmacy is aware of other insurance, then the Specialty Pharmacy must process the transaction in such a manner that TennCare is the “payer of last resort”. The Specialty Pharmacy shall cooperate and assist enrollees being enrolled in TennCare with a retroactive eligibility date, to provide receipts, and or printed lists of prescriptions paid for by the enrollee, in order to send to TennCare for reimbursement.

2.4 **Utilization Management and Quality Assurance.** The Specialty Pharmacy shall cooperate with all utilization review management, quality assurance, peer review, and other similar programs established by TennCare and or PBM.

2.5 **Payment for Zero Balance Claims.** PBM requires that the Specialty Pharmacy submit all claims for Pharmaceutical Services, even zero balance claims. This information is necessary for PBM’s Drug Utilization Review (DUR) activities and shall be audited by PBM periodically.

2.6 **Submission of Claims.** Pharmacists should verify TennCare coverage for all prescriptions presented by TennCare enrollees. The Specialty Pharmacy shall submit all claims for Pharmaceutical Services provided under the Agreement via the PBM POS on-line pharmacy claims processing system to PBM for adjudication of such claims. All pharmacy claims must be submitted via the online POS pharmacy claims processing system. Specialty Pharmacy claims may be submitted to PBM up to ninety (90) days from the original date of service, unless otherwise approved by PBM.

Pharmacies must bill the specific national drug code (NDC) number for the actual drug dispensed with the actual amount dispensed and maintain invoices of drug purchases that document proof of purchase for quantities of specific drugs reimbursed by TennCare. Specialty Pharmacies must reflect purchase dates consistent with dispensing dates. These records should be maintained for a period of five (5) years. Claims identified as having been billed using the wrong NDC or quantity will be subject to recoupment.
All prescriptions must be reversed and returned to stock within (10) business days of dispensing if not picked up by the patient.

Prescription refills shall be performed and recorded in a manner consistent with existing State and Federal Laws, Rules and Regulations. Automatic refills are not allowed. All prescription refills shall be initiated by a request from the physician, member, or other person acting as an agent of the member, i.e., family member. In the event the member is residing in a Long Term Care Facility or other institution, a nurse or other authorized agent of the facility pursuant to a valid physician’s order may initiate the request for refill.

If a Prescriber does not provide exact directions, or writes “as directed” or “prn”, the pharmacist must call the Prescriber and obtain directions. The Pharmacist must document such directions on the prescription, initial same, and bill TennCare for the exact days supply based on those directions and the quantity prescribed. Both the exact quantity and the days supply must be billed to TennCare based on the metric decimal quantity prescribed and the Prescriber’s exact written directions, valid physician’s order may initiate the request for refill.

2.7 Non-Exclusivity. The Agreement shall not prohibit any participating Specialty Pharmacy from participating with any other third party payers.

2.8 Prior Authorization and Emergency supply. In circumstances in which prior authorization is required, the pharmacist must attempt to contact the prescriber to advise him/her that the patient shall be unable to fill the full prescription unless: 1) the prescriber changes the prescription to a drug that does not require prior authorization (PA), or 2) prescriber seeks and obtains a PA for the original prescription. If the pharmacist is able to reach the prescriber and resolve the matter, the pharmacist is not required to provide the enrollee with the “Prior Authorization Required” form. In that circumstance, the pharmacist shall either:

a) Dispense a drug to the enrollee (because the prescriber obtained a PA or made a therapy change to a drug for which no PA was required); or

b) Inform the enrollee that the prescriber has withdrawn the original medication order.

If the pharmacist is unsuccessful in reaching the prescriber and/or resolving the matter, the pharmacist must provide the enrollee with the “Prior Authorization Required” form. If the pharmacist does reach the prescriber and he/she indicates that he/she shall seek PA (but it hasn't been obtained yet), the pharmacist must still give the enrollee the “Prior Authorization Required” form, but may advise the enrollee that a PA request is pending.

An emergency supply is one that is dispensed in an emergency situation. An emergency situation is a situation that, in the judgment of the dispensing pharmacist, involves an immediate threat of severe adverse consequences to the enrollee, or the continuation of immediate and severe adverse consequences to the enrollee, if an outpatient drug is not dispensed when a prescription is submitted. Pharmacists shall have the discretion to dispense an emergency supply for either seventy-two (72) hours or three (3) days in the event that medication prescribed requires a prior authorization. Within those three (3) days the prescriber must either make a therapy change to a drug that does not require prior authorization or contact PBM to obtain a prior authorization. If the prescriber does not obtain PA, PBM/TennCare shall not cover the remainder of the prescription for the enrollee.

There are certain exceptions in which a three (3) day emergency supply would not be dispensed:

i) Adult TennCare recipients (>21 years old)
1. Drugs listed as non-covered (Excluded Products) medications

2. Prescriptions over the monthly limit (for recipients subject to benefit limits)

   ii) All TennCare recipients:

   1. Medications classified as DESI (Drug Efficacy Study and Implementation), LTE (Less than effective), or IRS (Identically related or similar)

   2. Products for which there is no federal financial participation (FFP), also referred to as non-rebateable products

2.9 Enrollee Lock-In. The Specialty Pharmacy may be asked by TennCare to be the exclusive pharmacy for certain enrollees exhibiting overutilization of services as described in rule 1200-13-13-.13. Should the enrollee attempt to fill a restricted prescription at another pharmacy, PBM shall deny coverage because the pharmacy is not the enrollee’s “lock-in” pharmacy. In this case, PBM shall provide appropriate notice to the enrollee, informing him/her of the right to appeal the denial.

2.10 Credentialing/Required for Reimbursement. The Specialty Pharmacy shall be obligated to participate in any and all TennCare pharmacy credentialing programs. Failure to participate in or successfully complete this program may result in termination of the Agreement.

2.11 Professional or Technical Expertise. Specialty Pharmacy shall be licensed in the jurisdictions in which it practices and shall employ only licensed pharmacists and shall satisfy the credentialing requirements of PBM. Further, by agreeing to be bound by the Agreement, the Specialty Pharmacy assures that the functions and/or services it provides are within the scope of its pharmacists’ professional/technical practice.

2.12 Fee Reduction as a Result of Maximum Liability. PBM shall give the Specialty Pharmacy prior written notice of a determination that a reduction in the provider fee schedule is necessary to remain within the maximum liability of this Agreement. In such case, PBM shall give the Specialty Pharmacy thirty (30) days prior written notice of said reductions and the Specialty Pharmacy provider shall agree to the adjusted rates.

2.13 Reassignment of Processor. In the event that TennCare deems PBM unable to timely process and reimburse claims and requires PBM to submit provider claims for reimbursement to an alternate claims processor to ensure timely reimbursement, the Specialty Pharmacy shall agree to accept reimbursement at PBM’s contracted reimbursement rate or the rate established by TennCare, whichever is greater.

2.14 The Specialty Pharmacy may receive prescription orders from TennCare enrollees, physicians, or other licensed prescribers. Subject to and in accordance with relevant federal and state laws and regulations, and the Agreement, the Specialty Pharmacy shall dispense covered medications in accordance with those prescription orders and, if required, mail (at no additional charge) the covered medications to enrollees at the designated address, so long as such address is located within the United States. If prescriptions are being mailed to enrollees the following shall apply:

When required by medical necessity or by product stability (i.e., temperature-sensitive products), and the covered medication is not dispensed directly to the enrollee, the Specialty Pharmacy shall have covered medications delivered via overnight shipping under appropriate conditions to ensure stability and quality standards at no additional charge;
The requirements of this Section 2.14 shall not be construed to limit the requirements of any other provision of the Agreement and shall instead serve as additional requirements for the applicable Specialty Pharmacies.

2.15 The Specialty Pharmacy acknowledges and agrees that it is responsible for all lost or missing covered medications not received at the designated address; and the Specialty Pharmacy shall re-ship or re-dispense any such lost or missing covered medications upon notification of such occurrence at its own cost and shall not bill TennCare, a TennCare enrollee, or any third party payer any amount for such re-shipped covered medications (including without limitation, any Co-payments).

2.16 The Specialty Pharmacy is not precluded from billing ancillary supplies (such as needles, syringes, alcohol swabs, etc.) to the enrollee’s MCO.

2.17 The Specialty Pharmacy shall provide to TennCare enrollees toll-free telephone access to a registered nurse, pharmacist, or patient care coordinator (as appropriate). Access to the appropriate individual pursuant to the foregoing shall be available to TennCare enrollees twenty-four (24) hours per day, seven (7) days per week.

2.18 The Specialty Pharmacy shall provide to TennCare enrollees toll-free access to customer service representatives, speech and hearing impaired assistance (TDD/TTY), and language translation services at least Monday through Friday, from 8:00 a.m. to 6:00 p.m. Central Time.

2.19 The Specialty Pharmacy shall provide therapy management and care coordination programs and services that may include, but are not limited to, the following:

   a) Provision of educational information and medication administration training made available to TennCare enrollees in multiple mediums, such as verbal, written or on-line.
   
   b) Care Coordinators assigned to assist TennCare enrollees with Covered Prescription refills and claim inquiries.
   
   c) Live, one on one contact, either in person or by telephone, with Covered Individual at each refill.
   
   d) Registered nurses and pharmacists on staff to promote compliance and educate TennCare enrollees on the potential side effects of Covered Prescriptions and address other pertinent clinical inquires.
   
   e) Compliance programs for TennCare enrollees, including, but not limited to, communications with TennCare enrollees and physicians upon a TennCare enrollee’s non-compliance with Covered Prescription therapy.
   
   f) Documentation of the therapy management contact and patient profiling, focusing on the appropriateness of the TennCare enrollee’s specialty medication therapy and care and the prevention of drug-drug interactions and non-adherence.
   
   g) Outcomes reporting as required by PBM including, but not limited to, those requirements listed in Attachment B.
   
   h) Follow up with prior authorizations and proactive renewal services to help ensure continuous uninterrupted therapy. Under no circumstances are auto-refills allowed.
2.20 The Specialty Pharmacy shall provide therapy management programs tailored for TennCare enrollees who have received covered medications from the Specialty Pharmacy, suffering from chronic conditions, to include disease specific patient care coordination to help promote quality, safety and clinical effectiveness.

2.21 The Specialty Pharmacy shall provide services under the Agreement and the Specialty Pharmacy Program Conditions consistent with the following performance standards (based on a calendar month basis):

a) Turnaround Time: 99% of Covered Prescriptions delivered by Need Date. “Need Date” shall mean the date identified by the Covered Individual or his/her physician as documented on the order.

b) Temperature Sensitive Products: 100% of all temperature-sensitive Covered Prescriptions shall be dispensed directly to the Covered Individual or delivered under appropriate conditions to ensure stability and quality standards by overnight delivery to all locations within the United States.

c) Dispensing Accuracy: 99.9% or greater Covered Prescriptions filled with no errors.

d) Telephone Call Response Time: Average speed of answering calls (from time of placement to time of live voice) shall not exceed 30 seconds.

e) Call Abandonment Rate: Call abandonment rate shall not exceed 4%.

2.22 If the Specialty Pharmacy does not meet any one or more of the performance standard set forth above and receives notification thereof from PBM, the Specialty Pharmacy shall develop and deliver to PBM a written corrective action plan within fourteen (14) days of receipt of the notification to correct the deficiency. Upon approval of the corrective action plan by PBM, the Specialty Pharmacy shall immediately implement the approved corrective action plan. Thereafter, the Specialty Pharmacy shall provide PBM with the status of the implementation plan upon request by PBM. PBM shall have the right to audit the progress of the corrective action plan after affording a reasonable period of time (not to exceed forty-five (45) days) for the corrective action plan to adequately correct the deficient performance standard prior to seeking alternative legal or contractual resolution. Compliance with the performance standards set forth above is a material condition of the Specialty Pharmacy’s participation in the Specialty Pharmacy Program, and the Specialty Pharmacy’s failure to meet or exceed these requirements is grounds for termination in accordance with the for cause termination provisions in the Agreement.

2.23 The Specialty Pharmacy shall have a disaster recovery plan whereby at least one location shall have storage and distribution capabilities. Each such location shall have the capability to function as the sole distribution site should other locations fail. The Specialty Pharmacy shall provide PBM with a copy of the Specialty Pharmacy’s disaster recovery plan upon request.

2.24 Requirements for Dispensing Anti-Hemophilic Products.

Notwithstanding any provision of the Agreement to the contrary, when filling prescriptions for Anti-Hemophilic
Products, the Specialty Pharmacy shall be in conformity with all of the following requirements and adhere to the procedures listed below:

a) Contact each TennCare Enrollee receiving Anti-Hemophilic Products from the Specialty Pharmacy either:
   (i) one (1) time per month, or (ii) prior to each delivery of Anti-Hemophilic Products, whichever is the shorter interval. The purpose of such contact is for the Specialty Pharmacy to assess the number of bleeding events the TennCare enrollee has experienced since the last contact made by the Specialty Pharmacy, to determine whether the TennCare enrollee is compliant with the Hemophilia therapy prescribed by his/her physician, and to determine the exact amount of unused Anti-Hemophilic Products the TennCare enrollee has on hand prior to dispensing a refill of additional Anti-Hemophilic Products to the enrollee. AUTO-FILLING OF ANTI-HEMOPHILILIC PRODUCTS IS NOT PERMITTED.

b) Maintain a qualified health care professional on staff who is trained and certified to perform an in-home assessment once every twelve (12) months with each TennCare enrollee receiving Anti-Hemophilic Products from the Specialty Pharmacy. The assessment shall, at a minimum, include the TennCare enrollee’s patient history, treatment compliance (including both pharmacological and non-pharmacological treatment), updating the inventory of the enrollee’s medications, and providing patient education, as needed, to further the enrollee’s knowledge of his or her disease.

c) Provide emergency telephone support to all TennCare enrollees receiving Anti-Hemophilic Products from the Specialty Pharmacy. Such telephone support shall be in the form of a toll free number manned three hundred sixty five (365) days per year, twenty-four (24) hours per day.

d) Dispense and Deliver Anti-Hemophilic Products within twenty-four (24) hours of the receipt of a Prescription Order or Refill request for such Anti-Hemophilic Product.

e) Fill each Prescription Order or Refill request so that the average of the difference between the amount of Anti-Hemophilic Product dispensed and the amount of Anti-Hemophilic Product prescribed in the original Prescription Order for all prescriptions filled by the Specialty Pharmacy for the applicable quarter shall not exceed two percent (2%). For further clarification, refer to the following calculation:

\[
\text{Quarterly average of } \left( \frac{\text{Amount Dispensed} - \text{Amount Prescribed}}{\text{Amount Prescribed}} \right) \times 100 \leq 2\%
\]

f) Submit a quarterly Anti-Hemophilic Products dispensing report in response to a secured email from tennicare.pbm@tn.gov. Unless otherwise directed by PBM or TennCare, all reports Specialty Pharmacy is required to submit under this Hemophilia section shall follow the process set forth below. TennCare will generate the secured email through its State Secure Web Delivery Server (SWD) addressed to the Specialty Pharmacy’s email address previously provided to TennCare by Specialty Provider. The process for receiving the secured email and responding to it is as follows:
(i) TennCare’s email system will first attempt to send the message with transfer-layer security (TLS) encryption. Should that fail, the email will be routed to the SWD for Specialty Pharmacy to retrieve.

(ii) If the email is received directly into Specialty Pharmacy’s email server, then TLS has accepted the email. Specialty Pharmacy may then reply within its own email server.

(iii) Should TLS acceptance fail, the email will be routed through the SWD for Specialty Pharmacy, the recipient, to retrieve using the following steps:

   a) Specialty Pharmacy will then receive an email that tells it that it has received a secure email from TennCare and Specialty Pharmacy will be directed to click on a link to take it to the SWD.

   b) Specialty Pharmacy will be prompted to create a user ID and password to sign into the SWD.

   c) Specialty Pharmacy must respond to the email within the SWD window, not Specialty Pharmacy email server, unless Specialty Pharmacy received the email directly to its email server due to TLS acceptance. (See (ii) above)

   d) To submit the quarterly Anti-Hemophilic Products dispensing report, Specialty Pharmacy must click on “reply” within the SWD and attach its report.

   e) Specialty Pharmacy must then click “send” and its report will be securely transmitted to TennCare.

(iv) This secured email process shall be followed by both TennCare and Specialty Pharmacy in order to ensure the secured transfer of sensitive data in compliance with federal regulations and State laws.

   g) Submit the quarterly Anti-Hemophilic Products dispensing report, via secured email as required above in Section 2.24(f), in such form as required by PBM, which shall, at a minimum, contain the following information:

      (i) the TennCare Enrollee’s identification number, name, address and birth date;

      (ii) the date the Prescription Order or Refill was dispensed;

      (iii) the total dosage written per fill based on the initial Prescription Order (e.g. 2000 units per bleed x 12 doses = 24,000 units);

      (iv) the dosage of the Prescription Order or Refills dispensed in the applicable quarter;
the percent (%) difference between the amount of Anti-Hemophilic Product dispensed and the amount of Anti-Hemophilic Product prescribed in the original Prescription Order for each individual dispensing. For further clarification, refer to the following calculation:

\[
\left( \frac{\text{Amount Dispensed} - \text{Amount Prescribed}}{\text{Amount Prescribed}} \right) \times 100
\]

(vi) the quarterly average of the percent (%) difference between the amount of Anti-Hemophilic Product dispensed and the amount of Anti-Hemophilic Product prescribed in the original Prescription Order. For further clarification, refer to the calculation below. To the extent that any quarterly Anti-Hemophilic Products dispensing report demonstrates that the provisions of Section 2.24 (e) are violated, the Specialty Pharmacy shall be subject to additional auditing and monetary recoupment for any excess dispensation of any Anti-Hemophilic Product.

\[
\text{Quarterly average of } \left( \frac{\text{Amount Dispensed} - \text{Amount Prescribed}}{\text{Amount Prescribed}} \right) \times 100 \leq 2\%
\]

(vii) The failure to submit a quarterly Anti-Hemophilic Products dispensing report may be considered a material breach of contract by the dispensing Specialty Pharmacy. Such breach of contract may subject the Specialty Pharmacy to immediate termination from the TennCare Pharmacy Network.

h) Submit a quarterly Anti-Hemophilic Products call report in response to a secured email from tennicare.pbm@tn.gov pursuant to the secured email process set forth in Section 2.24(f) above. The report shall be in such form as required by PBM, summarizing all telephone calls received by the Specialty Pharmacy, including any telephone calls pursuant to Section 2.24(a) and Section 2.24(c). Said quarterly report shall contain, at a minimum, the following information:

(i) the TennCare Enrollee’s identification number, name, address and birth date;

(ii) the date of the telephone call;

(iii) the name of each Anti-Hemophilic Product dispensed to each TennCare Enrollee;

(iv) the dosage and administration instructions for each drug listed in Section 2.24(h)(iii);

(v) the amount of each Anti-Hemophilic Product the TennCare Enrollee had on hand that had not been used at the time of the telephone call;

(vi) the number of bleeding episodes experienced by the TennCare Enrollee in the quarter;
(vii) the amount of each Anti-Hemophilic Product used by the TennCare Enrollee.

(viii) the expiration date for the amount of each Anti-Hemophilic Product used by the TennCare Enrollee. If expired, provide TennCare Enrollee with instructions on proper disposal of expired Product; and

(ix) whether the TennCare Enrollee is using prophylaxis treatment.

i) The failure to submit a quarterly Anti-Hemophilic Products call report may be considered a material breach of contract by the dispensing Specialty Pharmacy. Such breach of contract may subject the Specialty Pharmacy to immediate termination from the TennCare Pharmacy Network.

j) Limitation on the amount of Refill Anti-Hemophilic Product that the Specialty Pharmacy is permitted to dispense. As stated above in Section 2.24(a), auto-filling of Anti-Hemophilic Product is not permitted. Due to the high cost of Anti-Hemophilic Product, it is not cost effective for these products to be dispensed, but not used, by TennCare Enrollees before the expiration date of the Anti-Hemophilic Products when these products can no longer be used. For this reason, the following limitation is hereby imposed on the amount of Refill Anti-Hemophilic Product the Specialty Pharmacy can dispense at any given point in time. The intent of this limitation is that a TennCare Enrollee should never have on hand more quantity of unexpired Anti-Hemophilic Products than was specified in the Prescription Order. If it is determined from the information provided by the Specialty Pharmacy in response to Section 2.24(g) above that the amount of Refill Anti-Hemophilic Product dispensed to a TennCare Enrollee (who has any unused, unexpired Anti-Hemophilic Product on hand at the time of the pre-Refill telephone inquiry from the Specialty Pharmacy) resulted in the TennCare Enrollee having more unused, unexpired Anti-Hemophilic Product on hand than the amount specified in the Prescription Order, the Specialty Pharmacy shall be subject to additional auditing and monetary recoupment of the cost of the excess Refill Anti-Hemophilic Product above the amount prescribed in the Prescription Order. Any Refill of Anti-Hemophilic Product dispensed by the Specialty Pharmacy that violates this strict cost containment limitation shall be deemed to be a violation of this Agreement that shall subject the Specialty Pharmacy to the additional auditing and monetary recoupment remedy set forth herein.

2.25 Requirements for Dispensing RSV Preventative Agents.

Notwithstanding any provision of the Agreement to the contrary, when filling prescriptions for RSV Preventative Agents, the Specialty Pharmacy shall be in conformity with all of the following requirements and adhere to the procedures listed below:

a) The initial prescription of any newly prescribed RSV Preventative Agents shall be shipped to the office of the Prescriber who will be administering the medication to the Covered TennCare Member.

e) All signed MARs for dispensed RSV Preventative Agent shall be retained by the Pharmacy for no less than two (2) years from the date of each fill and be readily retrievable for inspection and audit per Tennessee law.

f) The absence of such RSV Preventative Agents MAR may be considered a material breach of contract by the dispensing Pharmacy. Such findings may result in monetary claim recoupment and subject the Specialty Pharmacy to immediate termination from the TennCare Pharmacy Network.

g) **AUTOMATIC REFILLS OF RSV PREVENTATIVE AGENTS ARE PROHIBITED BY THE TENNCARE PROGRAM.**

### 3. PAYMENT FOR PHARMACEUTICAL SERVICES

**3.1 Payment for Pharmaceutical Services.** Specialty Pharmacy reimbursement shall be based on rates listed in Attachment A less any co-payment (all as calculated via the electronic Claim submission system).

If the Specialty Pharmacy provider is a Public Health Service (PHS) 340B provider then the Specialty Pharmacy provider must bill TennCare its PHS 340B acquisition price for TennCare enrollees served through the PHS 340B program (see 59 FR 25112, or Federal Register, Vol. 59, No. 92, Friday, May 13, 1994, page 25112).

**3.2 Obligation for Payment.** Obligation for payment under the Agreement for any Pharmaceutical Services rendered to a TennCare enrollee is solely that of PBM. In no event shall PBM be obligated to pay any claim from the Specialty Pharmacy unless and until sufficient funds have been made available to PBM.

PBM shall only pay the Specialty Pharmacy for services (1) provided in accordance with the requirements of the Agreement, PBM’s policies and procedures implementing the Agreement, (posted at: [https://TennCare.MagellanHealth.com](https://TennCare.MagellanHealth.com)) and state and federal law, and (2) provided to TennCare enrollees who are enrolled with a managed care contractor (MCC). The Specialty Pharmacy is responsible for (1) ensuring that any prior authorization requirements are met and (2) verifying that a person is eligible for TennCare on the date of service.

**3.3 Payment in Full.** The Specialty Pharmacy shall accept as payment in full for Pharmaceutical Services rendered to TennCare enrollees such amounts as are established by the Agreement. In no event shall the Specialty Pharmacy bill a TennCare enrollee for the difference between the Specialty Pharmacy’s Usual and
Customary Charge and the amount PBM has agreed to reimburse the pharmacy. The Specialty Pharmacy may collect from a TennCare enrollee Co-payments, as permitted under Section 2.3 of this Agreement, or other charges for services not covered under the TennCare waiver.

3.4 TennCare Enrollee Hold Harmless. This Section shall apply only to such TennCare enrollees as may be afforded the protection of this Section by applicable statutes or regulations. To the extent this Section conflicts with any other provisions of the Agreement, including, without limitation, Section 3.3, the terms and conditions of this Section shall apply. The Specialty Pharmacy shall accept as payment in full for Pharmaceutical Services rendered to TennCare enrollees such amounts as are paid by PBM pursuant to the Agreement. In no event, including, but not limited to, non-payment by PBM for Pharmaceutical Services rendered to TennCare enrollees by the Specialty Pharmacy, insolvency of PBM, or breach by PBM of any term or condition of the Agreement, shall the Specialty Pharmacy bill, charge, collect a deposit from, seek compensation, remuneration or reimbursement from, or have any recourse against any TennCare enrollee or persons acting on behalf of the TennCare enrollee for Pharmaceutical Services eligible for reimbursement under the Agreement; provided, however, that the Specialty Pharmacy may collect from the TennCare enrollee Co-payment (as permitted under Section 2.3 of this Agreement), Co-insurance Charges, Deductibles or other charges for services not covered under the TennCare waiver. The provisions of this Section shall (a) apply to all Pharmaceutical Services rendered while this Agreement is in force; (b) with respect to Pharmaceutical Services rendered while the Agreement is in force, survive the termination of the Agreement regardless of the cause of termination; (c) be construed to be for the benefit of TennCare enrollees; and (d) supersede any oral or written agreement, existing or subsequently entered into, between the Specialty Pharmacy and a TennCare enrollee or person acting on a TennCare enrollee’s behalf, that required a TennCare enrollee to pay for Pharmaceutical Services.

3.5 Prompt Payment. A pharmacy shall have no more than ninety (90) calendar days from the date of rendering the service to file an initial claim with PBM except in situations regarding coordination of benefits, or a subrogation case that the Specialty Pharmacy is pursuing for payment from a third party, or if an enrollee is enrolled in the plan with a retroactive eligibility date.

3.6 Time Period for Payment. Upon receipt of a clean claim (into the POS pharmacy claims processing system) properly submitted by the Specialty Pharmacy, PBM shall pay the Specialty Pharmacy within ten (10) calendar days.

3.7 Acceptance of Surety and TennCare enrollees. The Specialty Pharmacy shall accept payment or appropriate denial made by PBM as payment in full for covered services provided and shall not solicit or accept any surety or guarantee of payment from TennCare enrollees. TennCare enrollees shall include the patient, parent(s), guardian, spouse or any other legally responsible person of the patient being served.

3.8 TennCare Reimbursement. The Specialty Pharmacy shall be required to accept TennCare reimbursement amounts for services provided under the Participation Agreement between the Specialty Pharmacy and PBM to TennCare enrollees, and shall not be required to accept TennCare reimbursement amounts for services provided to persons who are covered by another health plan.

3.9 Non-covered Therapeutic Drugs. Under this Agreement, the Specialty Pharmacy shall be reimbursed for covered services if such services are medically necessary and on the TennCare PDL; provided, however, that non-covered therapeutic classes, (e.g., Appetite suppressants, drugs to treat infertility), DESI, LTE
and IRS drugs, and products for which there is no federal financial participation (FFP) shall be explicitly excluded. For these purposes, (a) “DESI” means Drug Efficacy Study and Implementation whereby drugs may be found to be LTE or IRS, (b) “LTE” means less than effective as determined by the Food and Drug Administration and (c) “IRS” means identical, related or similar to DESI or LTE.

Covered services under the Agreement shall include Early and Periodic Screening, Diagnosis and Treatment (“EPSDT”) services as medically necessary in accordance with 42 CFR Part 441 Subpart B and the Omnibus Budget Reconciliation Act of 1989 for children under the age of 21. Such screening shall be done in accordance with the periodicity schedule set forth in, and all components of this program shall be consistent with, the latest “American Academy of Pediatrics Recommendations for Preventative Pediatric Health Care.” Specialty Pharmacy shall make all treatment decisions under the Agreement with respect to children under the age of 21 based upon medical necessity in light of such child’s individual medical and behavioral health needs.

4. RELATIONSHIP BETWEEN PARTIES

4.1 Relationship between PBM and Specialty Pharmacy. The relationship between PBM and the Specialty Pharmacy is that of independent entities and nothing in this Agreement or otherwise shall be construed or deemed to create any other relationship, including one of employment, partnership, agency, or joint venture.

4.2 Relationship between Specialty Pharmacy and TennCare Enrollees. The relationship between the Specialty Pharmacy and TennCare enrollees is that of pharmaceutical provider and patient. Nothing in the Agreement shall be construed to require the Specialty Pharmacy to provide any Pharmaceutical Service if in the Specialty Pharmacy’s professional judgment such Pharmaceutical Service should not be provided.

4.3 Relationship between Specialty Pharmacy and Long Term Care Facility. The relationship between the Specialty Pharmacy and the covered facility is that of the Specialty Pharmacy. Nothing in the Agreement or otherwise shall be considered or deemed to create a relationship between the Specialty Pharmacy and the long-term care facility.

4.4 Restrictions on Change in Relationship between PBM and Specialty Pharmacy. The Specialty Pharmacy shall not enter into any subsequent agreements or subcontracts for any of the work contemplated under the Agreement without approval of PBM and TennCare.

5. LIABILITY INSURANCE AND INDEMNIFICATION

5.1 Pharmacy Liability Insurance. A participating Specialty Pharmacy shall procure and maintain, at the Specialty Pharmacy’s sole expense, professional liability and malpractice insurance with limits of no less than One Million Dollars ($1,000,000) for each claim and of no less than Three Million Dollars ($3,000,000) aggregate, as well as comprehensive general liability insurance. The Specialty Pharmacy shall also assure that all pharmacists and other health care professionals employed or under contract with the Specialty Pharmacy to render Pharmaceutical Services to TennCare enrollees procure and maintain such insurance, unless they are covered under Specialty Pharmacy’s insurance policies. The Specialty Pharmacy’s and its pharmacists’
and other health care professionals’ professional liability insurance shall be either occurrence or claims made with an extended period reporting option under such terms and conditions as may be reasonably required by PBM. The Specialty Pharmacy shall submit to PBM in writing evidence of insurance coverage. Finally, a participating Pharmacy shall maintain and provide written proof upon execution of this Agreement and/or request of the PBM of adequate worker’s compensation insurance.

5.2 **Indemnification.** The Specialty Pharmacy and PBM each agree to indemnify and hold harmless the other party from any and all claims, liabilities, damages, or judgments imposed upon, incurred by or asserted against the other party which arise solely out of or derive solely from the negligence or fault of the first party.

**Option 2 for State owned and operated facilities delete 5.1 and 5.2 above and replace with the following:**

The State of Tennessee, including the University of Tennessee, is prohibited by law from agreeing to provide indemnity. In addition, the General Assembly for the State of Tennessee does not authorize the State agencies or employees to provide, carry, or maintain commercial General Liability Insurance or Medical, Professional or Hospital Liability Insurance. Claims against the State of Tennessee, or its employees, for injury, damages, expenses or attorney’s fees are heard and determined by the Tennessee Claims Commission or the Tennessee Board of Claims in the manner prescribed by law. See Tenn. Code Ann. §§ 8-42-101 et seq., 9-8-101 et seq., 9-8-301 et seq., and 9-8-410 et seq.

**Option 3 for Municipal or County owned and operated facilities delete 5.1 and 5.2 above and replace with the following:**

The Contractor, being a Tennessee local governmental entity (such as a county or municipality), is governed by the provisions of the Tennessee Government Tort Liability Act, Tennessee Code Annotated, Sections 29-20-101 et seq., for causes of action sounding in tort. Further, no contract provision requiring a Tennessee political entity to indemnify or hold harmless the State beyond the liability imposed by law is enforceable because it appropriates public money and nullifies governmental immunity without the authorization of the General Assembly.

**Option 4 for FQHC owned and operated facilities delete 5.1 and 5.2 above and replace with the following:**

5.1 Pharmacy is a non-profit corporation duly existing and organized under the laws of the State of Tennessee which is a Federally Qualified Health Center as defined in 42 C.F.R. §405.2401. Pharmacy is an entity to which the Federal Tort Claims Act may apply.

5.2 For so long as Pharmacy qualifies as an “employee” in accordance with Section 224 (g) of the Public Health Service Act (“PHS”), located at 42 U.S.C. § 223(g), as amended, Pharmacy shall have its liability limits defined by Section 224(a) of the Federal Tort Claims Act. As an employee under the PHS, Pharmacy carries no professional liability insurance; however, it is insured for general liability. This general liability insurance is for the benefit of the Pharmacy only and provides no indemnification for any other entity whatsoever. The Pharmacy agrees to produce proof of adequate professional liability insurance for the Pharmacy’s professional employees.
who perform any professional services under this Agreement and are not covered by the Federal Tort Claims Act. In the event that Pharmacy loses its status as an “employee” pursuant to Section 224(g) of the PHS, Pharmacy shall procure liability insurance in such amounts as set out in Section 5.3 of this Agreement.

5.3 Pharmacy agrees to maintain and provide written proof upon execution of this Agreement and/or request of the PBM of adequate worker’s compensation and general liability insurance as well as one or more professional liability (malpractice) insurance policies of at least $1 million per occurrence, $3 million in the aggregate annually covering the acts of its employees and agents. Pharmacy agrees to notify the PBM not less than fifteen (15) days prior to any reduction in coverage, cancellation or nonrenewal of the policy(s). The insurance required by this section shall not relieve or release Pharmacy from, or limit its liability with respect to, any and all obligations under this Agreement.

6. LAWS, REGULATIONS, AND LICENSES

6.1 Laws, Regulations and Licenses. Participating pharmacies shall maintain all federal, state, and local licenses, certifications, and permits, without restriction, required to provide Pharmaceutical Services to TennCare enrollees. Further, the Specialty Pharmacy shall comply fully with all applicable laws and regulations including, but not limited to, that a pharmacist shall not fill a written prescription from a Tennessee practitioner unless issued on tamper-resistant prescription paper, except that the pharmacist may provide emergency supplies in accordance with TennCare or other insurance contract requirements. Failure of the Specialty Pharmacy to follow this law shall be grounds for termination of this Agreement.

The Specialty Pharmacy shall notify PBM in writing, to the attention of the PBM Network Manager, within ten (10) days of any suspension, revocation, condition, limitation, qualification, or other restriction of the Specialty Pharmacy’s license by any state in which the Specialty Pharmacy is authorized to provide Pharmaceutical Services, which would prohibit the Specialty Pharmacy from performing any of its obligations under this Agreement. If requested by PBM, the pharmacy shall comply with a corrective action plan or be subject to recoupment of funds, termination, or other penalties determined by PBM.

offense that falls within the ambit of 42 U.S.C. § 1320(a)-7(a), but has not yet been excluded, debarred, suspended or otherwise declared ineligible.

The Specialty Pharmacy shall immediately notify the PBM Project Director, should any pharmacist employed by the Specialty Pharmacy be sanctioned by the Federal Office of Inspector General (OIG), the Department of Health and Human Services (HHS) or CMS. No pharmacists who have been excluded from participation in any government health care programs (Medicare, Medicaid, or other state or federal government health care programs) shall be permitted to participate in the TennCare program unless they can document that Federal OIG, CMS or HHS has fully reinstated them as a participating provider. The Specialty Pharmacy shall immediately notify PBM if it has been excluded from participation in the Medicare and/or Medicaid programs pursuant to Sections 1128 or 1156 of the Social Security Act or is otherwise not in good standing with the TennCare Program. Failure to so notify PBM shall constitute a material breach of the Agreement. Failure to provide PBM with this information may also be cause for termination of the Specialty Pharmacy from participation in the TennCare program and recoupment of any and all reimbursements made to the Specialty Pharmacy during the time period such excluded provider was providing Pharmaceutical Services to TennCare enrollees.

The Specialty Pharmacy shall screen its employees, owners, officers and managing agents and contractors initially and on an ongoing monthly basis to determine whether any of them has been excluded from participation in Medicare, Medicaid, SCHIP, or any Federal health care programs (as defined in Section 1128B(f) of the Social Security Act) and not employ or contract with an individual or entity that has been excluded. The Specialty Pharmacy shall be required to immediately report to PBM any exclusion information discovered. The Specialty Pharmacy shall be informed that civil monetary penalties may be imposed against providers who employ or enter into contracts with excluded individuals or entities to provide items or services to TennCare enrollees.

6.3 Compliance with Legal Regulations. Both PBM and the Specialty Pharmacy agree to recognize and abide by all state and federal laws, rules, regulations and guidelines applicable to PBM and the Specialty Pharmacy. Pursuant to 42 C.F.R. § 447.518, TennCare is required to submit data to CMS to support the agency’s payment methodology for prescription drugs. Beginning April 1, 2017, CMS requires all state agencies to reimburse pharmacies based on Actual Acquisition Cost plus a professional dispensing fee. In order to do so, TennCare or its contractor will survey all network specialty pharmacies to obtain actual cost information and information on the cost of dispensing a prescription. The Specialty Pharmacy agrees to complete the survey(s) conducted by TennCare or its contractor within the time frame provided in the survey materials, which is used to gather this data. The Agreement incorporates by reference the scope of services provided or anticipated to be provided by the Agreement, including, but not limited to, the Tennessee state plan, 42 CFR § 431.107, 42 CFR 455 subpart B, TCA §53-10-304, and TennCare rules.

6.4 Incorporation by Reference of Federal and State Law/Regulation. By reference, the Agreement incorporates all applicable federal and state laws and regulations and any applicable court orders or consent decrees, and any and all revisions of such laws or regulations court orders or consent decrees shall automatically be incorporated into the Agreement as they become effective.

The Specialty Pharmacy shall be compliant with Section 6032 of the Deficit Reduction Act of 2005 (DRA) with regard to policy development, employee training and whistle blower protection related to The False Claims Act, 31 USCA § 3729-3733, et seq.
6.5 Non-Discrimination. The Specialty Pharmacy agrees, warrants, and assures that no person shall be excluded from participation in, be denied benefits of, or be otherwise subjected to discrimination in the performance of the Agreement or in the employment practices of the Specialty Pharmacy on the grounds of disability, age, race, color, religion, sex, national origin, economic status, payment source, or any other classification protected by federal, Tennessee State constitutional or statutory laws.

II. OWNER OR CONTROL INFORMATION

Directions: An “Owner” is a person or business entity which owns 5% or more of the assets, stock or profits of the Pharmacy or Pharmacy chain. This 5% may be Direct ownership or Indirect ownership, i.e., an individual might own 50% of a company that owns the actual Pharmacy or Pharmacy chain meaning their indirect ownership is 50%. In addition to ownership of stock, an Owner is also a person who owns a legal obligation like a mortgage or loan that is secured by the assets of the Pharmacy or Pharmacy chain. A “Managing Employee” is someone who makes the day to day decisions for the Pharmacy or Pharmacy chain. If the Pharmacy is a small chain (10 or fewer stores) the Managing employee would be the Pharmacist in charge for each store, if that person is not already listed as an Owner or a person with Control. If the pharmacy is part of a large chain the Managing Employee would be the district and/or regional managers for the territory in which the pharmacy is located.
An *Agent* is an individual who has the legal ability to bind the Pharmacy or Pharmacy chain, i.e., the Pharmacy or Pharmacy chain may use an Agent to obtain contracts for it.
